Times tables come alive with this revolutionary method of learning the multiplication facts. The facts are presented as part of a complete mini story of colorful cartoon characters. Children easily visualize the animated scene then remember the characters which trigger the answer to the fact. Proven by numerous studies, visualization association enhance retention of facts in long term memory. To teach six times six, the story tells of twin sixes who travel across the desert to visit cousins. The twin sixes get low on water becoming thirsty sixes, a word play on 36. The picture shows perspiring hot drooping sixes crossing the Sahara. A reminder under the illustration reads When 6 is with 6 they are very thirsty sixes 36. The book covers the multiplication facts through the nines. Numerical tricks association are used to teach the ones, twos, fives, nines, while the remaining facts have their own picture story. Studies have shown a 33% increase in retention with the picture story method versus conventional methods. Children are eager to learn the stories, parents, teachers enjoy the refreshing approach of the picture method.
