Higher Education - Reflections From the Field - Volume 3 ,2023-11-02 COVID wrought havoc on the world s economic systems Higher education did not escape the ravages brought on by the pandemic as institutions of higher education around the world faced major upheavals in their educational delivery systems Some

institutions were prepared for the required transition to online learning Most were not Whether prepared or not educators rose to the challenge The innovativeness of educators met the challenges as digital learning replaced the face to face

environment In fact some of the distance models proved so engaging that many students no longer desire a return to the face to face model As with all transitions some things were lost while others were gained This book examines practice in the field as institutions struggled to face the worst global pandemic in the last century The book is organized into four sections on

Changing Education Education in the Pandemic Sustaining University Education and Embracing the Future in a Global World It presents various perspectives from educators around the world to illustrate the struggles and triumphs of those facing new challenges and implementing new ideas to empower the educational process These discussions shed light on the impact of

the pandemic and the future of higher education post COVID Higher education has been forever changed and higher education as it once was may never return While many questions arise the achievements in meeting and overcoming the

pandemic illustrate the creativity and innovativeness of educators around the world who inspired future generations of learners to reach new heights of accomplishment even in the face of the pandemic

**Education and Development** The Emirates Center for Strategic Studies and Research,2019-05-14 For all countries the greatest challenge to successful

progress and development is fostering quality education Through education and knowledge economies develop we become more civilized societies prosper and the highest civilizational ambitions are realized Thanks to the wisdom and insight of its leadership the United Arab Emirates has recognized the challenge and what is needed to overcome it and excel It has

established schools launched programs and mobilized all of its human and physical resources Further the UAE has drawn inspiration from successful international models and reproduced aspects of them as it shapes its own education system This

has seen the UAE in less than half a century rank high on regional and international development indicators The outstanding achievements made by the UAE in education recorded in international reports and by specialized agencies are not a matter of

luck or coincidence Rather they are the result of decades of planning and serious efforts from public institutions invested in education This publication includes several papers delivered at the conference Education and Development Investing in the Future which was organized by the Emirates Center for Strategic Studies and Research ECSSR in November 2016 The papers provide intellectuals those interested in education and decision makers with rich and diverse material on the educational system and its goals in the UAE which will help identify its mechanisms characteristics and outlook for the future
