Dphax, 2007-09-17 In a NUTSHELL Survival Guide for Single Men Problems Solutions was NOT written because another perspective is WANTED Survival Guide for Single Men was written because it is NEEDED My hope is that this book will create much dialogue that UNCLES FATHERS and GRANDFATHERS did NOT discuss did not know HOW to discuss OR were AFRAID to discuss This book was designed to be brief and to the point so that it can be read multiple times for understanding and application This book can benefit BOTH men and women This is the kind of book that can be read during lunch breaks at the barbershop to or from work or while you sit on the toilette Everything Conceivable Liza Mundy, 2007-04-24 Award

winning journalist Liza Mundy captures the human narratives as well as the science behind the controversial multibillion dollar fertility industry and examines how this huge social experiment is transforming our most basic relationships and even our destiny as a species Skyrocketing infertility rates and dizzying technological advances are revolutionizing American families and changing the way we think about parenthood childbirth and life itself Using in depth reporting and riveting anecdotal material from doctors families surrogates sperm and egg donors infertile men and women single and gay and lesbian parents and children conceived through technology Mundy explores the impact of assisted reproduction on individuals as well as the ethical issues raised and the potentially vast social consequences The unforgettable personal stories in Everything Conceivable run the gamut from joyous to tragic all of them raise questions we dare not ignore

Disco Divas Sherrie A. Inness, 2003-01-13 The 1970s tend to be allocated a slender role in American cultural and social history The essays in Disco Divas reveal that the 1970s far from being an era of cultural stasis were a time of great social change particularly for women **The other glass ceiling** Charles S Areni, Stephen S Holden, 2014-05-13 The other glass ceiling offers an insightful male perspective to a debate on the lack of work family balance in modern day families Based on

research and full of entertaining anecdotes this book challenges the predominant gender roles that expect a mother to care for her family and doubt her commitment to a career while at the same time requiring a father to provide for his family financially and doubting his ability to look after his own children This is the other glass ceiling the one reflected in gender inequity in the family home and preventing equality in parenting The other glass ceiling is perpetuated by both genders equally and the solution requires compromises from both sides Charles Areni and Stephen Holden encourage dads to step up to take on a bigger share of the burden of home duties They encourage mums to let go to let dad get involved in child rearing and to bring to the task his own skills and approaches Breaking through this other glass ceiling will be good for mum good for dad oh and good for the children too **The Whole Single Person's Catalog** Emily Collins,1979 **Handbook of**
