## Varsity Model Search:

*In Search of a Villain* Robert Gore-Browne,1928      **The Adulteration of Children's Sports** Kristi Erdal,2020-07-20  
The Adulteration of Children's Sports explores current behavioral and physiological research about how children's organized sport has changed how adults' goals and needs are at the heart of those changes and the consequences of those changes on children's enjoyment of sport and on their autonomy, creativity and moral reasoning outside of sport. Adult introduction of early competition, extrinsic rewards, early sport specialization and year-round participation has thwarted children's intrinsic motivation and contributed to children's attrition from sport. Kristi Erdal explores concerns about the future of sport itself as adult-mediated selection practices whittle down young athletes earlier on shakier criteria. Parents and coaches' complicity in these practices, however, is based on intermediaries poorly interpreting or ignoring the research literature. Thus the final chapters of this book are about translating the research into applied ideas for change. Erdal provides an essential introduction to evidence-based research about children's health and well-being in sport and debunks myths along the way. Adults built the problems compiled in this text. We can dismantle them as well.      *California Cultivator* ,1924      *The Atlantic Monthly* ,1913      **Inter-Varsity** ,1988      **Dictionary of International Biography** ,1987 A biographical record of contemporary achievement together with a key to the location of the original biographical notes      **The Haberdasher** ,1927
