*The Significance of US Army Air Forces Minelaying in World War II* John S. Chilstrom, In World War II's Pacific Theater the U S Army Air Forces AAF devoted a small percentage of its long range capability to aerial minelaying against Japanese warships and commerce Sea mines explosive underwater devices that damaged sank or deterred ships were weapons that had difficulty gaining the same acceptance as guns bombs and torpedoes Yet with time a small number of aerial mining advocates influenced wartime commanders to ensure the growth of minelaying doctrine equipment development and combat experience Ultimately aerial minelaying became one of the most successful AAF maritime missions of the war and signaled an important role in sea control for the future U S Air Force Minelaying by the AAF had to overcome the absence of doctrine serious questions of service autonomy and preconceptions about naval and air force traditional roles Though this initially unappreciated weapon gained considerable acceptance during the years of World War II mines were not again dropped from aircraft in combat until the Vietnam War During the Cold War the U S Air Force gave little effort to its collateral maritime missions until concern grew over containing an expanding Soviet naval threat Today Air Force capabilities for aerial minelaying and other naval missions remain an important though little appreciated means for projecting long range air power in support of Global Reach Global Power

**The Encyclopedia of Middle East Wars** Spencer C. Tucker, 2010-10-08 This in depth study of U S involvement in the modern Middle East carefully weighs the interplay of domestic cultural religious diplomatic international and military events in one of the world's most troubled regions The monumental five volume *The Encyclopedia of Middle East Wars* The United States in the Persian Gulf Afghanistan and Iraq Conflicts is a must have resource for anyone seeking to comprehend U S actions in this volatile region Under the expert editorship of Spencer C. Tucker the encyclopedia traces 20th and 21st century U S involvement in the Middle East and south central Asia concentrating on the last three decades Beginning with the 1980-1988 Iran Iraq War it covers the 1979-1989 Soviet occupation of Afghanistan the 1991 Persian Gulf War allied punitive actions against Iraq during the 1990s the Afghanistan War the Iraq War and the Global War on Terror Many smaller military actions against Iran Iraq Libya Afghanistan and other regimes that have been involved in international terrorism are also included Diplomacy religion as it pertains to Middle East conflict and social cultural developments are other key subjects of analysis as is the interplay of politics with military policy in the United States and other nations involved in the region

**Handbook of 19th Century Naval Warfare** Spencer Tucker, 2000 The 19th century was a crucial period in naval history when great technological advances were made in almost every area of maritime military activity This illustrated account of the period follows a summary of technology tactics and strategy with accounts of warfare in the Napoleonic era and the factors that led to British naval supremacy With the background to change now established he proceeds to describe the revolutions that followed in naval ordnance propulsion iron hulls and underwater warfare and how these were used in practice mid century in the Crimean and American Civil Wars He reviews the naval situation before World War I examining naval thought and international attitudes towards battleship

size and speed versus armour and shows how these important changes were put into practice in the Sino Japanese Russo Japanese and Spanish American wars He concludes with an overview of the world naval balance on the eve of World War I
