**Artificial Intelligence How Improves** Johnny Ch Lok,2021-04-12 However insurance is an emotion driven industry But AI learning system is one machine How and why can AI learning system help human emotion driven insurance

service sale organization to influence insurance clients emotion to be positive more than negative It is one interesting question to be explained When one insurance company grows to mature stage it won't have effort to make initial steps with chat bots many have also advanced to robotic advisory Based on organizational maturity and insurance market also reaches the insurance customer number reducing stage Due to any country has have many family owns at least one insurance policy So it will influence every family's insurance need to be reduced However AI system new technology is the best method to assist insurers to predict whether who will be the potential insurance customer target groups in order to help the insurance organizations to predict more accurate every family's emotion to find whose unfound insurance needs As a result future insurance organizations can apply AI learning systems to bring these benefits they include attaining rapid growth through channel and potential insurance customer prediction touchpoint of different kinds of insurance need expansion employing operational intelligent to optimize resource overhead and improve insurance customer new fresh experience insight from AI learning system service participation to the insurance organization modernizing technology to solve legacy problems such as scalability service turnaround times etc So the most influential advantage is that AI learning system can help future insurance organizations to find the best insurance methods to solve insurance customer complains or service challenges Because insurance is an emotion business when the insurance client had chosen to buy the insurance firm any kinds of insurance it does not guarantee that the insurance client has none any complains SO the insurance company will encounter reasonable or unreasonable complains often AI learning system's strengths includes that it can find the best method to help any insurance firm to give recommendation to attempt to solve their insurance customers complains in the shortest time If the AI learning system can really help the insurance firm to find the best methods to solve any insurance clients complains or enquiries to let every insurance client to feel more acceptable to compare human insurers insurance customer service feedbacks are more better or satisfactory to let them to feel Then I believe that the insurance clients must feel the insurance firm can improve its customer service more efficient and satisfactory For example chat bot is one find of insurance product personal financial tracker tool for every insurance customer Chat bot is starting with a enabled It is one personal financial tracker and advisor starting with a rules based configuration to target prospects and insurance customers Thus through the use of rules enables easily configurable decision and process engineers insurers can not only save on resources but also ensure more efficient marketing lead management and insurance sales efforts all at minimal cost to the insurance company

**Take Their Breath Away** Chip R. Bell, John R. Patterson, 2009-05-04

Praise for *Take Their Breath Away*: Are you bored? We're so spoiled that when something is merely good enough, we just walk away. Chip and John explain that the surefire method for growth and customer loyalty is simple: don't be boring. Seth Godin, author of *Purple Cow* and *Tribes*, *Take Their Breath Away* shows how legendary customer service delivery can win and keep devoted customers for life. I LUV this fantastic book! Colleen Barrett, President Emeritus, Southwest Airlines Company. No one knows more about creating profit through service than Chip and John. If you want to know the best way to do it, read *Take Their Breath Away*. The examples in this book will certainly start your creative juices flowing and help your organization take your customers' breath away.
