or advertisement that you see on television Plus they are entertaining 4 Add some realism or behind the scenes in your video You can do this by introducing your staff introducing some customers or even giving the audience a behind the scenes tour of the office factory or place of work People appreciate this and it gives your product or business some authenticity 5 Add closed captions to your video Keep in mind that not everyone is able to hear and that those audience members might be the very ones that want to order your product It s very thoughtful to keep the hearing impaired in mind when creating a video even a marketing video because most people rarely do
