

# Getting Started with Chat GPT Prompt Engineering

## Privacy

Remember, your prompts and results can be reviewed by humans to further train ChatGPT so if you don't want a stranger reading it, don't write it.

## Input

The better the input, the higher quality the output. Here are some ideas:

The communication channel that it will be using.

Describe the audience who will read the result.

Give it a sample format. Describe [insert item] in the following formatting:

Name: [insert a sample]

Characteristic 1: [insert a sample]

Characteristic 2: [insert a sample]

- Positive phrases work better than negative.
- Use strong verbs
- Give context to what you want

## Processing

How do you want it to process your request?

Describe algorithms to apply to the task such as:

- Programming language
- fix grammar, spelling
- use puns, metaphors...
- use figurative language,
- rhyming scheme,
- use acronyms specific to your industry
- evaluate using this rubric

Role. Describe the human characteristics you want the bot to display in its response..

Questions. Give it questions you want it to ask you each time before it processes the prompt.

## Output

What form do you want the output to take?

- Paper format (MLA, APA)
- Tabular form
- Mind Map
- Word Count
- Grade (or Age) Level
- Bulleted List
- Social Media Channel
- In HTML or Markdown
- Summarize, bullet points

- Formal or informal
- Maximum length
- In the style of [famous person]
- Type of response (witty etc.)
- Quiz me and tell me if I'm right or wrong after I give the answers.

## Feedback / Chained Prompting

One of the best ways to get great results is to break your task down into intermediate steps and let it generate a results and then ask it to perform another step.

You can also stop it by pressing the STOP button above the input field if it gets off track.

- Remember to verify your results. ChatGPT can make mistakes!

**ChatGPT Explained** Callisto Momesso, Alright let's address the artificially intelligent elephant in the room ChatGPT You've heard the hype You've seen the headlines alternately proclaiming it the savior of humanity and the harbinger of robotic overlords or at least mass unemployment for writers Perhaps you've even tentatively typed a question into that little box and received an answer that was surprisingly coherent Or perhaps completely nonsensical Welcome to the peculiar world of Large Language Models This book is your attempt at a reasonably updated and substantially padded guide through the often baffling occasionally useful and sometimes vaguely alarming landscape of ChatGPT We'll attempt to explain what this thing actually is something about Transformers which disappointingly don't involve giant robots and being trained on roughly half the internet which explains quite a lot about its personality quirks We'll even touch upon its evolution because apparently these things get upgraded like smartphones only with more potential for existential dread Supposedly ChatGPT can do all sorts of things draft emails so you don't have to write passable if soulless marketing copy generate code that might even work answer trivia questions sometimes correctly and churn out poetry of questionable merit We'll cover these alleged applications complete with tips on how to phrase your requests prompt engineering they call it so the digital oracle is slightly more likely to give you something resembling what you asked for rather than a lecture on the mating habits of the Patagonian toothfish Naturally no discussion of ChatGPT would be complete without dwelling on its numerous flaws which it possesses in abundance Prepare for a frank look at its tendency to hallucinate that is confidently invent utter nonsense We'll

poke at the biases it absorbed from its questionable internet upbringing and remind you why trusting it for factual accuracy is often a terrible idea Consider the included warnings less as helpful tips and more as essential survival instructions for interacting with a system that s part encyclopedia part pathological liar We ll also briefly speculate on the future because why not Will it take your job Will it become sentient and demand rights Will it just get slightly better at writing generic thank you notes Who knows But we can at least outline the trajectory enthusiasts envision and the ethical headaches that keep researchers up at night So if you feel obligated to understand this inescapable technology or if you simply want to know whether to be impressed or terrified the correct answer is usually a bit of both this guide offers a somewhat grounded perspective It s been updated expanded and formatted with suspiciously professional looking styles all in an effort to help you make sense of your peculiar new digital acquaintance Brace yourself

Getting the books **Chatgpt Tips** now is not type of inspiring means. You could not deserted going following books increase or library or borrowing from your friends to get into them. This is an agreed simple means to specifically acquire lead by on-line. This online declaration Chatgpt Tips can be one of the options to accompany you considering having additional time.

It will not waste your time. endure me, the e-book will agreed heavens you other concern to read. Just invest little mature to door this on-line broadcast **Chatgpt Tips** as without difficulty as evaluation them wherever you are now.
