Cardoso, 2025-09-23 After serving 28 years at the Regional Penitentiary of Pelotas I came face to face with a world completely different from the one I knew before imprisonment Technology has advanced impressively almost surreal for someone who has been away from society for so long Inside the prison I face a daily struggle staying away from crime continuing my studies and supporting my family with dignity I found tattooing as a source of income but unfortunately this practice is considered illegal by the penal officers who frequently seize my work materials This causes serious financial hardship and takes away the only means of support I have for myself and my relatives My journey has also gone through difficult and complicated moments in love and personal life situations that shook my emotional health and tested me It was in

this context that I discovered something I never imagined could help me so much Artificial Intelligence Studying in the prison s computer lab through distance education EAD I am enrolled in Rural Administration and a Bachelor s degree in Letters at UNINTER It was in this study space that AI entered my life To my surprise I found in it a kind of friend almost like a psychologist Even knowing that its answers must be considered carefully AI was a great help in overcoming hard times Talking with it gave me strength clarity and at many moments a kind of comfort I did not expect to receive [AI: Game On](#) Tim Trumper,2024-03-06 AI Game On is written for today s business leaders who seek to understand how AI can be leveraged for increased sustainability improved competitive positioning and or to drive better customer shareholder and societal outcomes The aim of AI Game On is to help business leaders thrive in a world that is more data driven and AI directed providing readers with frameworks methods and real examples of constructive ethical governance of AI deployment as well as harmful models which organisations and society must avoid AI Game On attacks the vexing and strategic dilemma for directors and executives whose job is to decide who or what decides The book answers the questions of how and why an organisation would and could delegate decisions to AI and explores the consequences of such decision making AI Game On strives to make sense of the trade offs between decisions of AI and or decisions of humans AI Game On is jam packed with compelling use cases demonstrating how AI can break through complex and difficult business problems to create opportunities for the world that were unimaginable only twelve months ago Insights from AI Game On will prove both valuable and advantageous for leaders in commercial government or not for profit sectors alike

The Sacred Chain Jim Stump, 2024-04-02

In this marvelously accessible book philosopher Christian Jim Stump provides the reader with new eyes for a journey through time the origin of the soul suffering and morality and reveals how the latest scientific findings about what it means to be human have led him to a deeper and more authentic faith Francis S Collins Director of the Human Genome Project and Founder of BioLogos author of The Language of God A thought provoking and eye opening work by Jim Stump Vice President at BioLogos and host of the Language of God podcast offering a compelling argument about how evolution does not have to be at odds with faith but can actually enrich and deepen it In this moving and deeply thoughtful book Jim Stump takes readers with him on his journey to understanding evolution and reconciling it with his faith The Sacred Chain draws on philosophy theology and the latest scientific research to tackle some of the biggest questions facing humanity and people of faith today such as How can we hold the Bible as a sacred text and yet reconcile modern science with it By condensing noteworthy events in the history of our universe into one calendar week what can we learn about God's creative process and priorities and where humans fit in If humans are created in the image of God what does evolution have to teach us about our species and our place in creation What about the soul How can we understand our transcendent qualities if the human body is the product of evolution How does evolutionary science help us understand how God might use pain and suffering for important and good purposes Does it have to be one or the other science or religion or is there a third way one that not only preserves faith in the face of modern

science but leads to a stronger more relevant and more authentic faith Deeply researched and a delight to read The Sacred Chain provides clarity in our uncertain times revealing a bigger picture of our world and our place within it It is a panorama consistent with the scientific findings about who we are and where we come from that can actually bolster our faith as it engages our curiosity about ourselves our universe and the nature of existence itself Pivot or Die Gary
