Nancy,

With over 8 years of resume optimization experience I can confidently tell you I am an expert at resume optimization. Resume optimization is the key to helping job seekers land their dream job which is what I am most passionate about, and frankly very good at.

Known for excellent client-facing skills, I have helped job seekers navigate the resume optimization process in over 250k successful hires. Additionally I've gathered over one million scans at Jobscan for new clients. My four years at my previous position point to a track record of hitting goals and exceeding expectations.

I would be happy to bring my knowledge of resume optimization to your resume writing company with the opportunity to continue teaching job seekers about applicant tracking systems and why ATS optimization should be a priority in the job search process.

Thank you for the consideration,

Joe Jobscan
