## Remote Jobs Top:

**Going Remote** Matthew E. Kahn, 2022-04-26 A leading urban economist's hopeful study of how shifts to remote work can change all of our lives for the better. As COVID-19 descended upon the country in 2020, millions of American office workers transitioned to working from home to reduce risk of infection and prevent spread of the virus. In the aftermath of this shift, a significant number of workers remain at least partially remote. It is clear that this massive experiment we were forced to run will have long-term consequences changing the shape of our personal and work lives as well as the urban landscape around us. How will the rise of telecommuting affect workers' quality of life, the profitability of firms, and the economic geography of our cities and suburbs? *Going Remote* addresses the uncertainties and possibilities of this moment. In *Going Remote*, urban economist Matthew E. Kahn takes readers on a journey through the new remote work economy, revealing how people will configure their lives when they have more freedom to choose where they work and how they live. Melding ideas from labor economics, family economics, the theory of the firm, and urban economics, Kahn paints a realistic picture of the future for workers, firms, and urban areas, big and small. As Kahn shows, the rise of remote work presents especially valuable opportunities for flexibility and equity in the lives of women, minorities, and young people, and even for those whose jobs do not allow them to work from home. Uncovering key implications for our quality of life, *Going Remote* demonstrates how the rise of remote work can significantly improve the standard of living for millions of people by expanding personal freedom, changing the arc of how we live, work, and play.

*Ambition Redefined* Kathryn Sollmann, 2018-10-09 This is the playbook for how to get flexibility in your career. Molly Beck, author of *Reach Out* and founder of *MessyBun.com*, offers critical advice for women when the traditional office job doesn't fit family life. Meredith Bodgas, Editor in Chief of *Working Mother* magazine, Sollmann advocates that we lean in to what she aptly labels one's own personal measure of success rather than a monolithic vision of the ideal career. Whitney Johnson, critically acclaimed author of *Build an A Team* and *Disrupt Yourself*, *Thinkers50* Management Thinkers, *Ambition Redefined* is a timely alternative to current women's business books that define professional ambition and success as climbing the corporate ladder. In fact, this is not a path that all women want or should feel pressured to follow. Sollmann's focus is on the more critical and widespread workplace issue for everyday women: to always work in a way that fits their lives alongside their two major caregiving roles for children and aging parents. Sollmann debunks common assumptions such as "IT'S NOT WORTH IT UNLESS THE SALARY IS HIGH." Women forfeit up to 4X their salaries every year out of the workforce to care for children and/or elderly parents, and it does not take a six-figure salary to achieve long-term financial security. FINDING FLEXIBLE WORK IS IMPOSSIBLE. Sollmann shines a bright light on the ever-widening world of flexwork where women can find many interesting and exciting ways to tuck all generations of their families into a future that is financially secure and safe. The book includes realistic practical tools for preparing for and finding flexible work within a current job or a new opportunity. IT WON'T HAPPEN TO ME. Divorce, death of a spouse, or unexpected financial support for

aging parents are some of the life you never knows that all women could experience Divorce death of a spouse caring for aging parents or adult children are some of the life you never knows that all women could experience Sollmann encourages women to anticipate and buffer life surprises and she shows the profound impact of continual earning saving and investing toward a long and comfortable retirement WORK ENDS AT AGE 65 Women who leave the workforce and want to return in their forties fifties or sixties will be in good company as the ranks of older workers rise Over the next two decades adults age 50 and over will have greater rates of workforce participation into their sixth and seventh decades Eye opening and practical the book shows that when we redefine ambition we acknowledge that challenging lucrative work can be found in many flexible ways that favor personal satisfaction over public applause

**Work Together Anywhere** Lisette Sutherland, Kirsten Janene-Nelson, 2020-06-02 An excellent guide on how teams can effectively work together regardless of location STEPHANE KASRIEL former CEO of Upwork IN TODAY S MODERN GLOBAL ECONOMY companies and organizations in all sectors are embracing the game changing benefits of the remote workplace Managers benefit by saving money and resources and by having access to talent outside their zip codes while employees enjoy greater job opportunities productivity independence and work life satisfaction But in this new digital arena companies need a plan for supporting efficiency and fostering streamlined engaging teamwork In Work Together Anywhere Lisette Sutherland an international champion of virtual team strategies offers a complete blueprint for optimizing team success by supporting every member of every team including EMPLOYEES small advocating for work from home options MANAGERS small seeking to maximize productivity and profitability TEAMS small collaborating over complex projects and long term goals ORGANIZATIONS small reliant on sharing confidential documents and data COMPANY OWNERS small striving to save money and attract the best brainpower Packed with hands on materials and actionable advice for cultivating agility camaraderie and collaboration Work Together Anywhere is a thorough and inspiring must have guide for getting ahead in today s remote working world
