It's Not Like I'm Poor Sarah Halpern-Meekin, Kathryn Edin, Laura Tach, Jennifer Sykes, 2015-01-14 This book chronicles the impact of the sweeping transformation of the social safety net that occurred in the mid 1990s With the dramatic expansion of tax credits a combination of the Earned Income Tax Credit and other refunds the economic fortunes of the working poor have been bolstered as never before It s Not Like I m Poor looks at how working families plan to use their annual windfall to build up savings go back to school and send their kids to college But dreams of economic mobility are often dashed by the reality of making monthly ends meet on meager wages Provided by publisher **State Tax Review**, 1992 **New York State Sales and Use Tax Law and Regulations (As of January 1, 2008)** CCH State Tax Law Editors, 2008-04 Places in Need Scott W. Allard, Scott Allard, 2017-06-20 Americans think of suburbs as prosperous areas that are relatively free from poverty and unemployment Yet today more poor people live in the suburbs than in cities themselves In Places in Need social policy expert Scott W Allard tracks how the number of poor people living in suburbs has more than doubled over the last 25 years with little attention from either academics or policymakers Rising suburban poverty has not coincided with a decrease in urban poverty meaning that solutions for reducing poverty must work in both cities and suburbs Allard notes that because the suburban social safety net is less developed than the urban safety net a better understanding of suburban communities is critical for understanding and alleviating poverty in metropolitan areas Using census data administrative data from safety net programs and interviews with nonprofit leaders in the Chicago Los Angeles and Washington D C metropolitan areas Allard shows that poor suburban households resemble their urban counterparts in terms of labor force participation family structure and educational attainment In the last few decades suburbs have seen increases in single parent households decreases in the number of college graduates and higher unemployment rates As a result suburban demand for safety net assistance has increased Concerning is evidence suburban social service providers which serve clients spread out over large geographical areas and often lack the political and philanthropic support that urban nonprofit organizations can command do not have sufficient resources to meet the demand To strengthen local safety nets Allard argues for expanding funding and eligibility to federal programs such as SNAP and the Earned Income Tax Credit which have proven effective in urban and suburban communities alike He also proposes to increase the capabilities of community based service providers through a mix of new funding and capacity building efforts Places in Need demonstrates why researchers policymakers and nonprofit leaders should focus more on the shared fate of poor urban and suburban communities This account of suburban vulnerability amidst persistent urban poverty provides a valuable foundation for developing more effective antipoverty strategies *New York State Sales and Use Tax Law and Regulations: As of January 1, 2009* Cch State Tax Law Editors, 2009-02 *New York State Sales and Use Tax Law and Regulations* serves as a comprehensive resource for all those who work with sales and use tax issues in New York It is a great companion to CCH s
