Digital Pricing Frank Frohmann, 2023-03-03 This is one of the first books to combine the current megatrend of digitalization and pricing as the most effective lever for increasing and sustaining profits. The book presents the basics of digital pricing as well as modeling methods and implementation examples. This structure helps in tackling the latest developments and challenges due to digitalization. Readers will gain a detailed insight into using innovative revenue and price models to generate a sustainable competitive advantage for their companies. The author uses his cross industry experience to draw on several examples of innovative digital pricing approaches which can be applied in industrial sectors such as automotive, industrial goods and machinery as well as service sectors like telecommunications, transportation and tourism.

Strategic and Innovative Pricing Mathias Cöster, Einar Iveroth, Nils-Göran Olve, Carl-Johan Petri, Alf Westerius, 2020-04-22 This book provides a concrete guide on how to execute strategic pricing to excel in an increasingly dynamic and digitised business environment while developing and deepening relations with contract partners. The secret lies in crafting innovative price models that reward joint value creation in accordance with the business model rather than engaging in confrontative zero sum pricing reasoning. Strategic and Innovative Pricing: Price Models for a Digital Economy provides hands on tools that are applied on three interconnected levels of analysis. It illustrates how to explore the business ecology to understand its dynamics and how digitisation enables it to prosper and demonstrates how to construct a viable business model that enables an organisation to navigate in its vibrant ecology. Finally and most importantly it shows how to use innovative price models to realize and monetise the business model and its value offering making the organisation and its partnerships sustainable. Models pertaining to the three levels of analyses are applied in rich case studies and examples from different countries and the book includes guidelines on how to use them. Special attention is paid to digitisation as an underlying theme making this book of interest to researchers, academics and students in the fields of strategic management and technology innovation management.

Words. Sounds. Images Amit Khanna, 2019-12-31 Ambitious and encyclopaedic in scope this is a first of its kind book that presents the history of media and entertainment in India from the times of the Indus Valley Civilization right up to the twenty first century. The book starts with an examination of the origins looking at a wide array of aspects such as the state of entertainment during Harappan and Vedic times including details from the Natyashastra the early drama music and dance of Kalidasa the development of ragas musical instruments and early folk traditions the genesis of classical dance forms developments through the ages including in the Mughal period in the southern kingdoms in the north east and under the Marathas and the British. Independence onwards the book takes a decade wise look at the evolution of newspapers cinema music television dance theatre and radio. The author himself a film producer director and lyricist who has worked in the entertainment industry all his life brings his unique perspective to bear on the subject. This pioneering work is a must read not just for the students and practitioners of the arts and media but also for their lay consumers. **Contextual Pricing: The Death of List Price and the New Market Reality**

Robert Docters, Michael Barzelay, John G. Hanson, Cecilia Nguyen, 2011-10-19 A REVOLUTIONARY NEW PERSPECTIVE ON HOW PRICING REALLY WORKS Contextual Pricing delivers a knock out punch to complacent and low return pricing approaches. This book is full of intriguing fresh insights which will expand your perspective on what is possible in maximizing revenue from your company's products and services. Mark Greatrex Chief Marketing Officer Cox Communications and former SVP Global Still Beverages The Coca Cola Company To effectively price managers must understand market context the frame of reference for buyers. Context is far more important than the usual measures of price variation I strongly recommend this readable and useful book to any business leader who suspects his or her company is falling short of achievable revenues. Dave Calhoun Chairman and CEO Nielsen Company and former Vice Chairman General Electric Company About the Book A few leading companies have jettisoned ideas about pricing that other companies believe are indispensable. The result has been superior performance against competitors who persist in a simplistic 1990s belief in value. Contextual Pricing describes how buyers are influenced by

comparison points and contextual messages more than by actual price levels Identical products can sell at radically different prices to the same target customer if context is strategically managed This fact is how Procter Gamble GE Coca Cola Company Amazon Google Microsoft and others make sure they get the best possible price The use of context is changing the way companies price and sell in the new global economy This readable and market tested book describes the contextual pricing perspective how it is being used in B2B and B2C markets and how you can make the shift to contextual pricing in your own business Whether you're a CEO P L manager marketing director sales manager or entrepreneur Contextual Pricing shows you how to understand how your customer will make buying decisions and the role of pricing in those decisions Establish better more intuitive prices using context Develop contextual pricing strategies that defeat competitor pricing how contextual pricing can be the antidote to destructive price wars Harmonize your pricing with branding product development and channel strategies Increase your profits with proven pricing tools such as scientific bundling tiering branding upsell hooks and more Through its illuminating case by case studies Contextual Pricing delivers a wide range of pricing techniques and customer insights that you won't find anywhere else You'll learn how to avoid common pitfalls when raising or lowering prices and discover how you can compete in traditional or emerging digital marketplaces and beat the competition through superior tactics not through lower margins When you know the secrets of Contextual Pricing you can name your price drive your sales increase your profits and own your success
