Wanderlust:

Wanderlust Rebecca Solnit, 2001-06-01 A passionate thought provoking exploration of walking as a political and cultural activity from the author of *Orwell's Roses* Drawing together many histories of anatomical evolution and city design of treadmills and labyrinths of walking clubs and sexual mores Rebecca Solnit creates a fascinating portrait of the range of possibilities presented by walking Arguing that the history of walking includes walking for pleasure as well as for political aesthetic and social meaning Solnit focuses on the walkers whose everyday and extreme acts have shaped our culture from philosophers to poets to mountaineers She profiles some of the most significant walkers in history and fiction from Wordsworth to Gary Snyder from Jane Austen's Elizabeth Bennet to Andre Breton's Nadja finding a profound relationship between walking and thinking and walking and culture Solnit argues for the necessity of preserving the time and space in which to walk in our ever more car dependent and accelerated world

Wanderlust Elisabeth Eaves, 2011-05-24 Spanning 15 years of travel beginning when she is a sophomore in college *Wanderlust* documents Elisabeth Eaves's insatiable hunger for the rush of the unfamiliar and the experience of encountering new people and cultures Young and independent she crisscrosses five continents and chases the exotic both in culture and in romance In the jungles of Papua New Guinea she loses herself literally to an Australian tour guide in Cairo she reconnects with her high school sweetheart only to discover the beginning of a pattern that will characterize her life over the long term while long distance relationships work well for her traditional relationships do not *Wanderlust* however is more than a chronological conquest of men and countries at its core it is a journey of self discovery In the course of her travels Eaves finds herself and the sense of home she's been lacking since childhood and she sheds light on a growing culture of young women who have the freedom and inclination to define their own increasingly global lifestyles unfettered by traditional roles and conventions of past generations of women
