Despite their different tastes, these eclectic diehards have a lot in common: they're obsessed about a specific brand, product or category. They pursue their passions with fervor and they're extremely knowledgeable about the things they love. They aren't average consumers; they're superconsumers. Although small in number, superconsumers can have an outsized impact on a company's bottom line. In *Superconsumers*, growth strategy expert Eddie Yoon lays out a simple but extremely effective framework that has helped companies of all types and sizes achieve more sustainable growth.
