Gaming Democracy Adrienne L. Massanari, 2024-10-29 How play and gaming culture have mainstreamed far right ideology through social media platforms From Gamergate to the ongoing Big Lie the far right has gone mainstream In Gaming Democracy Adrienne Massanari tracks the flames of toxicity found in the far right and alt right movements as they increasingly take up oxygen in American and global society In this pathbreaking contribution to the fields of internet studies game studies and gender studies Massanari argues that Silicon Valley's emphasis on meritocracy and free speech absolutism has driven this rightward slide These ideologies have been coded into social media spaces that implicitly silence marginalized

communities and subject them to rampant abuse by groups that have learned to game the ecology of platforms algorithms and attention economies While populist movements are not new phenomena such as QAnon parental rights activism and COVID denialism are uniquely of the internet with supporters demonstrating both technical acumen and an ability to use memes and play as a way of both building community and fomenting dissent Massanari explores the ways that the far right uses memetic humor and geek masculinity as tools both to create a sense of community within these leaderless groups and to obfuscate their intentions Using the lens of play and game studies as well as the concept of metagaming Gaming Democracy is a novel contribution to our understanding of online platforms and far right political activism *ITF+ CompTIA IT Fundamentals All-in-One Exam Guide, Second Edition (Exam FC0-U61)* Mike Meyers, Scott Jernigan, Daniel Lachance, 2018-12-28 This fully updated study guide delivers 100% coverage of every topic on the CompTIA ITF IT Fundamentals exam Take the CompTIA ITF IT Fundamentals exam with complete confidence using this bestselling and effective self study system Written by CompTIA certification and training experts this authoritative guide explains foundational computer technologies in full detail You ll find learning objectives at the beginning of each chapter exam tips practice exam questions and in depth explanations throughout Designed to help you pass the exam with ease this definitive volume also serves as an essential on the job reference Also includes a voucher coupon for a 10% discount on your CompTIA exams Covers all exam topics including Computer basics System hardware I O ports and peripherals Data storage and sharing PC setup and configuration Understanding operating systems Working with applications and files Setting up and configuring a mobile device Connecting to networks and the Internet Handling local and online security threats Computer maintenance and management Troubleshooting and problem solving Understanding databases Software development and implementation Online content includes 130 practice exam questions in a customizable test engine Link to over an hour of free video training from Mike Meyers *Microsoft Word User Guide 2026 Edition* Ethan J.
