Whistled Dawn Duhamel,2020-09-25 A variety of traumatic personal events including a physical assault a home burglary a school shooting the layoffs of the Great Recession and metoo impacted Dawn Duhamel's life In Whistled she shares her story chronicling the events that shaped her Living under the belief that working hard always pays off and experiencing success that proved her theory Duhamel was unprepared when at the age of fifty an anonymous contrived whistleblower complaint was filed against her ultimately resulting in her controversial termination Blindsided by being fired for the first time the ensuing self doubt suffocated her spirit until after twenty four months of questioning and processing she discovered what truly mattered and the reasons to love herself again Whistled narrates a story of how Duhamel found meaning in loss hope in resiliency and courage in vulnerability For anyone who has been betrayed fired or felt discarded this memoir is about finding your way back to your true and best self

Queer Precarities in and out of Higher Education Yvette Taylor,Matt Brim,Churnjeet Mahn,2023-04-06 Queer Precarity in Higher Education looks at queer scholars pushing against institutional structures and the queer knowledge that gets pushed out by universities It provides insight into the work of in and beyond academia as it is un done in the contemporary post Covid moment not least by queer academic activists This radical un doing represents cycles of queer precarity pragmatism and participation both situating and questioning the queer arrival of institutionalized programmes and presences e g queer and gender studies degrees prominent and public feminist academics In this book the contributors push back against contemporary educational precarity mobilizing queer insight and insistence and push back against confinement of the University socially and spatially The collection brings together academic activist perspectives to extend understandings of experiences of marginalization and inequality in higher education It also documents the diversity of tactics with which queers negotiate and resist the various shifting and interconnected forms of precarity and privilege found on the edges of academia Contributors consider these issues from inside outside academia and across career course challenging the queer arrival as emanating outward from the university to the community from the academic to the activist or from a state of privilege to a place of precarity

Management in the Age of Digital Business Complexity Bill McKelvey, Renata Kaminska, Maria Paz Salmador, Nadine Escoffier, 2021-09-07 Management in the Age of Digital Business Complexity focuses on how the digital age is changing management and vastly speeding up complexity dynamics The recent coevolution of technologies has dramatically changed in just a few years how people and firms learn communicate and behave Consequently the process of how firms coevolve and the speed at which they coevolve has been dramatically changed in the digital age and managerial methods are lagging way behind Combining his own expertise with that of a number of specialist and international co authors McKelvey conveys how companies that fall behind digitally can quickly be driven out of business The book has been created for academics seeking to upgrade management thinking into the modern digital age and vastly improve the change capabilities of firms facing digital oriented competition Trans Technologies Oliver L. Haimson, 2025-02-25 How technology creates new possibilities for transgender people and how trans experiences in turn create new possibilities for technology Mainstream technologies often exclude or marginalize transgender users Trans Technologies describes what happens when trans people take technology design into their own hands Oliver L Haimson whose research into gender transition and technology has defined this area of study draws on transgender studies and his own in depth interviews with more than 100 creators of technology including apps games health resources extended reality systems and supplies designed to address challenges trans people face to explain what trans technology is and to explore its present possibilities and limitations as well as its future prospects

Haimson surveys the landscape of trans technologies to reveal the design processes that brought these technologies to life and to show how trans people often must rely on community technology and the combination of the two to meet their basic needs and challenges His work not only identifies the role of trans technology in caring for individuals within the trans community but also shows how trans technology creation empowers some trans people to create their own tools for navigating the world Articulating which trans needs and challenges are currently being addressed by technology and which still need to be addressed describing how trans technology creators are accomplishing this work examining how privilege race and access to resources impact which trans technologies are built and who may be left out and highlighting new areas of innovation to be explored Trans Technologies opens the way to meaningful social change [AI Business for Everyone](#)
